CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Migratory Camp School Destroyed

Fire destroyed approximately three-fourths of the six-room elementary school building at the Everglades Colored Migratory Labor Camp three miles south of Pahokee Monday night before it was brought under control by the Pahokee Fire Department.

The blaze, of unknown origin, broke out in the northwest corner room around 10:30 p. m., spread quickly through the attic and was very hard to fight because of the many partitions in the building, according to Fire Chief Marvin Levina.

The school is a part of the Palm Beach County Public School system and it is estimated it would cost \$50,000 to replace the building. The loss is partly covered by insurance.

Tentative plans are being made to use the nursery, recreation hall and other public buildings at the camp as emergency headquarters for the school for the remainder of the current school year.

Commission Groups Will Study Problems

Possibility of consolidating the various state associations of county officials into a single organization was disclosed Tuesday by Paul Rardin, vice chairman of the State Association of County Commissioners.

Rardin said that a state-wide committee, the local government expansion committee, is now studying the feasibility of such a merger.

The committee he said, was named last weekend when the County Commission Association board met at Jacksonville.

Also discussed at the weekend session which was attended by Rardin and Harry Johnston, county attorney, was legislative action which included the possible formation of state tax commission which was referred to the organizations county officers council for study.

Plans for the associations annual meeting to be Feb. 29, March 1 and 2, were also discussed. Speakers for the meeting, Rardin said, will include Eddie Rickenbacker, J. Hardin Peterson, former U. S. Rep.; State Attorney General Richard Irvin, and Alfred McKethan, chairman of the State Road Department.

The association also discussed tentative plans for the publication of a monthly magazine to be distributed to all county officials.

Marion Ogle New Canal Point Lion

Marion Ogle was received as a new member of the Canal Point Lions Club at the regular dinner meeting of the club Monday night. Ogle was inducted by Manning I. Keen of Pahokee, Lions deputy district governor.

President Boyd Vorhees called upon chairman of all standing and special committees for reports on club activities and achievements through the month of January.

Exploding Heater Causes House Damage

An exploding kerosene heater started a fire in the residence of Mrs. Collie Flowers near the Pure Oil Station on Canal Point Road, Pahokee, around 2 p. m. Thursday of last week and the flames spread so rapidly the entire interior of the house and its contents were destroyed before the fire was put out by the Pahokee Fire Department, according to Fire Chief Marvin Levins.

Mrs. Flowers was standing near the heater when the explosion occurred but escaped with only minor burns on her face.

Hoke H. Shirley, Jr., Will Be Ordained

The ordination of Hoke H. Shirley, Jr., son of Rev. and Mrs. Hoke H. Shirley, of Pahokee, to the Baptist ministry will take place at the Pahokee First Baptist Church Sunday, Feb. 4, at 11 a. m.

Dr. Henlee Barnett, Bible professor at Stetson University, DeLand, will deliver the ordination sermon and prayer. The presbytery appointed by the examining committee of the Baptist Palm-Lake Association to pass on young Shirley's qualifications for the ministry included Dr. R. Kelly White of West Palm Beach, Rev. Wade Griffin of Belle Glade, Rev. W. H. Reed of Clewiston, Rev. C. J. Smyly of Canal Point, Rev. Shirley and Dr. Barnett.

Hoke H. Shirley, Jr., a second year student at Stetson University, recently accepted a call as pastor of the Baptist Church in Lady Lake, Fla., and members of the Lady Lake Church requested his ordination to the ministry. In addition to his work in the Lady Lake Baptist Church he plans to continue his studies at Stetson as time allows.

Valentine Dance To Be Sponsored By Beta Sigma Phi Group

The Beta Omicron Chapter of the Beta Sigma Phi Sorority will sponsor a benefit Valentine's Day Dance on the night of Feb. 10, according to plans announced at a recent chapter meeting held at the home of Mrs. J. T. Boynton. The chapter will also sponsor a benefit musicale in the high school auditorium on Feb. 23, according to an announcement by Mrs. Boynton. Plans were made for a book show for the benefit of the pupils of the School for Exceptional Children at the Pahokee White Labor Center.

Revival Scheduled For Church Of God

The Church of God, Barfield Highway, Pahokee, is announcing a revival to begin Sunday Night, Feb. 4th., with the Rev. Duane Mansell.

Messrs. Shelton and Elmer Upthegrove will be in charge of the music. A great meeting is anticipated. May all Christian people unite in helping promote the Kingdom of God, is the wish of the Church and its members.

PTA Will Observe Founder's Day

The Canal Point Parent-Teacher Association will celebrate the 21st anniversary of its founding with a special Founders Day program to be held in the school auditorium Monday, Feb. 5, at 8 p. m., with Floyd Erickson, program chairman, in charge of arrangements.

A playlet, "Deep Are the Roots," will be presented by a cast of PTA members including Rev. Earl J. Jones, J. W. Repper, Mrs. Osceola Upthegrove, Mrs. Bill Shackford and daughter, Judy, Mrs. L. V. McClelland, Mrs. Billie Huddle and Donna Upthegrove. Mrs. Ross Winne of Chosen, first president of the Canal Point PTA, will be guest of honor.

Evaluation Group Visits Pahokee H. S.

The Evaluation Committee, headed by Dr. M. L. Stone, which made a three-day study of Pahokee High School, Jan. 24-26, was complimentary to the school in general, its faculty and the administration of the Palm Beach County School system in its oral report made Friday afternoon at the completion of its evaluation of the school.

High praise went to the school library for its size, number and variety of books, qualifications and general appearance.

The school was rated high in courses offered to students preparing for college but was judged weak in courses for students not planning to attend college, that is, vocational courses.

The purpose of the evaluation was to determine if the school was succeeding in its work of educating its students and to give recommendations for improving the school over a five-year period at the end of which another evaluation will be made to determine what progress the school has made.

Prior to the arrival of the evaluation committee the faculty made an evaluation and the committee scores were higher on the whole than those given by the faculty to its own school.

According to the rating given by the Evaluation Committee, Pahokee High School is in the upper half of schools in the Southern Association.

World Day Of Prayer Scheduled For Feb. 9

"World Day of Prayer" will be observed in Pahokee High School on Friday morning, Feb. 9, according to school officials. The public is invited to attend the service.

For many years the Senior Class sponsored the special day's program and again this year has program will be under sponsorship of the Seniors.

Saving the life of a cancer patient is largely in the hands of the family physician, according to the Journal of the Florida Medical Association. By warning the patient at the first sign of danger, early treatment usually means a life saved.

O'Connell Named To Elks Position

Members of Pahokee Lodge BPOE No. 1638 accepted the resignation of David Bleech as esteemed leading knight of the lodge at a meeting in the Elks Hall Thursday night of last week and elected Frank O'Connell, chairman of the board of trustees and past exalted ruler, to fill out his term of office which expires on April 1 of this year.

Jess M. Elliott was elected to replace O'Connell as chairman of the board of trustees until the present term of office expires in April, 1952.

It was announced that past exalted rulers might be observed with a special program under the direction of Harold Rosenberg on Thursday night of this week.

Ft. Pierce Eagles Play Devils Tonnite

The high flying Fort Pierce Eagles will invade Pahokee tonight to play the Blue Devil cagers in a return basketball game at the local gym this Friday night. The B prelin contest is scheduled to start at 7:15 p. m.

The Blue Devils are expected to run into plenty of trouble trying to stop the Eagles who have lost only one game so far this season. To date Coach Bill Howard's A team has won two games and lost six while Coach Jim Maynor's B team has a record of five wins and three losses.

On Saturday night the Pahokee team traveled to Okeechobee where they trimmed the Catfish, 63-18, and chalked up their second victory of the season. They were less successful in their tangle with the Vero Beach Indians in the local gym Friday night when they ended up on the short end of a 59 to 45 score.

Pahokee Lions Have Nine New Members

The Pahokee Lions Club inducted nine new members in a special ceremony at the Tuesday luncheon meeting this week. They were Coach Jim Maynor, Police Chief Leon Guthrie, Julian Chandler, Jimmy Shirley, Frank Thompson, Carroll Parker, Marvin Cowart, Reppard Cowart and J. D. Burnhardt. The new members were welcomed into Lionism by Frank Rozelle who was assisted by Clyde A. Canipe and Ralph Johnson.

Final plans were announced for the Lions annual banquet for the Pahokee and Belle Glade High School football squads which was scheduled to be held at the Belle Glade Country Club Thursday night under the joint auspices of the Pahokee and Belle Glade Lions Clubs. One of the guest speakers was to be Otto Graham, quarterback and passing ace of the Cleveland Browns, 1950 national champion professional football team. Mr. Graham is the nephew of Mr. and Mrs. H. C. Graham of Pahokee.

It was announced the Pahokee Club will not conduct a regular meeting next week.

Group Will Seek To Activate Morrison Field In West Palm

The Palm Beach County Commission will be in Washington D. C. Monday to ask for reactivation of International Airport at West Palm Beach.

That was a decision reached at a special meeting of the County Commission held Tuesday when the county group met with a delegation from the West Palm Beach Chamber of Commerce.

The commission voted to send the entire board, plus Harry Johnston, county attorney, J. M. Boyd, County Engineer, Also scheduled to accompany the delegation is State Senator Russell O. Morrow and a representative of the Chamber of Commerce, probably Chamber President Phil O'Connell. O'Connell is now on a tour of active duty with the Army and will be through with the course this weekend.

The Chamber of Commerce, at the Tuesday meeting, presented a resolution which asked the commission to seek reactivation of Morrison Field by the War Department and also asked that the commission spearhead a Washington delegation seeking reopening of the base.

Commission Chairman, Paul Rardin, advised the Chamber delegation that the county board had been working several weeks for activation of the base and had been bending every effort to have the field reopened. This was confirmed by Sen. Morrow, who said that Washington officials had advised him that the decision to reopen the base would have to come from the War Department and was not one to be made by the Florida Congressional delegation.

Rardin said that Palm Beach Junior College would be able to move from the field and that the commission, some time ago had prepared a report on the facilities of the base, such as the streets, sewer systems, buildings, runways and other sections of the former Airforce base.

Ruling Says Sugar Company Can Stop Peddlers In Camps

WEST PALM BEACH—Circuit Judge Jos. S. White ruled last week that the United States Sugar Corporation has the right to ban peddlers and solicitors from its labor settlements. In giving his opinion in denial of a petition for a writ of habeas corpus, Judge White said, "There is a vast difference between the company-owned town of Chickasaw, Ala., and the camps operated by the Sugar Corporation."

"This Court sees no violation of the petitioner's constitutional right by regulations promulgated by the United States Sugar Corporation for the use of its labor camps by peddlers."

The petition has been filed by Jos. M. Doctorovitz, a Philadelphia clothing salesman who charged that his constitutional rights had been violated, and cited a Supreme Court ruling in the Alabama case.

News Notes From State Capital

TALLAHASSEE—Requests for added money even from the state prison and the state hospital for the insane were postponed by the cabinet until this week, indicating that the state is not willing to break its firm stand against going in the red even for these dire needs. Dr. W. D. Rogers, Catahoochee superintendent, told the board he must refuse to accept negro mental patients because he had no more room, in spite of double-deck wards. Application for money to increase admitted meagre food at Raiford and replace trusty guards also has been held up. The cabinet wanted time to study these problems, in the face of a general fund barely solvent.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on the following general subjects:

LABOR—Board of control is liable for workmen's compensation contribution, unless it has obtained similar insurance elsewhere.

TAXES—Tax sale certificates held by cities were not cancelled by act cutting out privately held 1949 and before certificates.

BONDS—Comptroller may withhold cigarette tax return to city which reduces operating taxes but unnecessarily increases bond debt tax.

FEES—Constable, sheriff or deputy may not collect fee as executive officer of justice of peace court just because one attends as witness.

INSURANCE—University may buy insurance to cover boats used to carry students and faculty on trips for marine study and lectures.

TALLAHASSEE—News of legislation and the 1951 legislature trickles into the state capital as follows:

Schools and welfare are reported running into stiffened opposition to demands for increases. Schools insist population increases require \$20,000,000 more per year from the state, added to \$100,000,000 now available. Welfare has encountered situation where servant class in Florida is largely shifting over to state support, through aid to dependent children and otherwise.

County units are beginning to change their names, to escape unwelcome "welfare" tag. Hillsborough County legislators have polled other members, report large majority favor abolishing state milk commission, or at least curbing its powers to increase milk prices. Straw which broke milk board back was refusal to let dairies give milk to school children at cut prices. "Cold-blooded businessmen" is the kind Speaker B. Elliott of the 1951 house is seeking to name on house committees to "get value" for state money.

Speaker Elliott and President Wallace S. Sturgis of the senate will have plenty of veteran lawmakers to help keep the budget within bounds. Rep. S. Travis Phillips of Hernando county was recognized by Miami Beach Hotel Association (Grant Stockdale, director) as the foremost exponent of tourist expansion. Teaching of Americanism in Florida schools will be pushed as legislative "must" by the American Legion.

In peerless Pinellas, three new Republican house members will meet with Democratic Senator Henry S. Baynard in joint effort and series of hearings to find out what their people want in the way of legislation. Rep. Roy Surles (Polk) on behalf of his delegation is urging all city and county officials to get their local bills in by March 1. Professional nurses now plan act to regulate their profession, including practical as well as registered nurses. With REA finally deciding state regulation of electric and gas utilities will harm them, only a few holdout cities who oppose such control. Indications are state regulation will pass in a breeze this time, with railroad commission of three members given the job. Rep. Gus J. Dekle, (Taylor) is Most Worshipful Grand Master of Florida Masons, is doing yeoman work in good citizenship among the lodges.

Rep. Ed. Kirkland (Orange) is one of several legislators wondering if they will be here when April arrives. Kirkland is a jet pilot, much in demand these days. However, U. S. may defer lawmakers for the term, following World War II policy.

TALLAHASSEE—Former U. S. Senator Claude Pepper has opened law offices here staffed by John B. Orr, Jr., formerly of Miami, and Earl Faircloth of St. Petersburg, and will have Washington offices with James C. Clements, his administrative assistant for many years, and Thomas V. Lefevre of St. Petersburg.

Tallahassee—Staunchly holding the line against recommending more spending than there is available money, the state cabinet is concluding its review of state agency demands for operating funds for the years 1951-52. The product of their labors, expected to be at least \$50,000,000 less than agencies have requested, will appropriate \$248,000,000 for the next two years. The legislature itself must decide if schools, for example are to get \$20,000,000 more, or if welfare is to expand to care of totally disabled persons. A series of footnotes to the budget report is expected to detail these items and the cabinet's reaction to each—leaving to the legislature the decision of whether or not they will dig up extra money for them.

TALLAHASSEE—Harold L. Sebring, still known affectionately as "Tom" by thousands of friends, is the new chief justice of the supreme court of Florida. He succeeds Justice Alito Adams for a two-year term as presiding justice

of the 7-man court. Justice Sebring is a former football coach at the University of Florida, a lawyer in Gainesville, Miami and Jacksonville, Circuit Judge in Jacksonville, and a member of the court here since 1943.

TALLAHASSEE—McGregor Smith, chairman of Florida Industrial Development Council, announced here that his council will meet with Florida congressmen in Washington on January 26 to see how Florida industry can be meshed into the nation's war machine. Smith, president of the Florida Power and Light Company, said the meeting would undertake to find ways to cut red tape so the state's industries can get into war work with the least possible delay and waste.

TALLAHASSEE—Public utility rates in Florida were pegged by the decision of the supreme court of Florida in the Jacksonville Gas Company case, a decision which upheld the Florida Railroad and Public Utilities Commission in its theory of rate-making. The court decided with the commission that utility rates should be based on the actual cost of gas or electric equipment, plus replacements, instead of on the much higher values asked by utility companies in their "present value" theory. The court ruled that a rate base established by the commission for the Jacksonville company was fair.

TALLAHASSEE—Capital circles have noted with satisfaction the recent merging of the Okeechobee Herald with Okeechobee News, both to be operated by Ammon and Adnette McClellan under the name of the older weekly, the News. McClellan and his wife are recognized here as doing an outstanding job in the weekly newspaper field as the "voice" of the upper glades, the only newspaper between Sebring and the coast and from Lake Okeechobee to Kissimmee and St. Cloud.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following general subjects:

CENSUS—New census put Duval county in bracket with Dade, mapping certain county salaries to \$12,000 yearly.

SHERIFF—One person may be employed as both guard and servant in county jail.

RADIO—Operation of radio by sheriff is not criminal expense of county.

INSURANCE—Group life insurance policy may not also cover lives of dependents.

IMMUNITY—Law may require person to give incriminating evidence, but he cannot later be prosecuted for matters involved in his testimony.

TALLAHASSEE—A fence which has been recognized as the boundary between two pieces of property will continue as the true line, although a survey shows the line ought to be 64 feet west of the fence. This decision by the supreme court of Florida reversed Hillsborough county decision in favor of Lola Gibbs, owner of one of the properties. Where the line has been uncertain, the court stated, and owners have agreed and established such line, it is binding upon their successors.

TALLAHASSEE—Attorney General Ervin ruled this week that there is no law prohibiting a County Commissioner from being employed by the State Racing Commission for work at a dog track.

He said, in response to a question from Racing Commissioner E. P. Beville, however, that he was not attempting to "consider the wisdom of such employment."

The record did not show what County Commissioner or Commissioners the State Racing Commission was considering for such employment.

Edward Rogers, Perry Hall and Lon Adams, members of Everglades Lodge 211, attended the district dinner meeting of Masonic Lodges in West Palm Beach Monday evening.

Hell Drivers In Fair Performance

TAMPA—How would you like to drive a car off a ramp, twist it over in mid-air and then land it on all four wheels without any damage to the car or yourself? As impossible as its sounds, Joie Chitwood and his dare-devil stunt drivers are working on the project and hope to be able to present it as a feature of their 1951 show.

Capt. Findley, technical stunt director for Joie Chitwood's "Hell on Wheels", is right now figuring out the complexities of the special ramp approach that would have to be built for the stunt. His biggest problem is the relationship of the incline of the ramp to the ramp's height from the ground.

The "Hell Drivers" will perform at the Florida State Fair in Tampa the afternoon of Wednesday, Jan. 31 at 2:30; Friday evening, Feb. 2 at 8:00 P. M.; Thursday evening, Feb. 8 at 8:30 P. M. and Sunday, Feb. 11 at 2:30 in the afternoon.

"I've never seen the stunt worked," said Captain Findley. "Joie got the idea one night and we started figuring it for the next day. When you realize that we are trying to make a stock Ford sedan behave like a tabby cat, you have some idea what we are up against."

Gladioli Queen To Be Named At Delray

DELRAY BEACH—A South Florida girl will be selected as queen of the Fifth Annual Gladioli Festival at a dance to be held at the Seacrest high school gymnasium February 14 when Dean Hudson and His Orchestra will provide music for the occasion. Girls between the ages of 16 through 21 are eligible to enter the contest.

Each girl must be sponsored by an organization. All tickets she sells will be counted as points for her. The girl selling the most tickets will be named the winner and she will receive \$50 in prizes, as well as the opportunity to reign over the Festival to be held here February 26 through March 3.

Further information may be obtained from Mrs. Herbert Hivell, Atlantic Avenue, Delray Beach.

Dean Hudson's "name band" is expected to draw the largest crowd ever to attend a dance in this area. The gym floor will accommodate an unusually large number of people and the raised seats will provide ample space for spectators.

Contracts for heavy construction reached an all-time peak recently of over a billion dollars in one month, according to the Engineering News-Record, trade magazine.

Citrus Should Be Sold At Packing Houses, Growers Told

LAKELAND—Florida shippers should be selling more grapefruit and oranges at the local packing-house instead of shipping them unsold to pack auction markets. That is the warning from the Florida Citrus Mutual, the industry cooperative.

Mutual urges shippers to go slow on sending oranges to auction, pointing out that so much fruit has been shipped north unsold that the market is over supplied. On the grapefruit question, Mutual told the growers they could well afford to wait a month until Texas grapefruit is out of the way when they will get better prices and less competition.

More than a hundred miles of free access to the Atlantic ocean was given the people of Florida by two state agencies when the State Road Department and the State Park Department created the Overseas Parkway from the main land to Key West. Public fishing, bathing and picnic facilities are being provided.

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Dammillo, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Dammillo found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B₁₂, Niacin and Iron.

Here is Mr. Dammillo's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at night. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at night. Thanks to HADACOL I will never be bothered by it and can recommend it to all who are with the above ailments that I had. I know because I have suffered for quite some time."

Cinematic Chatter

By Malcolm Millar

Film friends of Marie Wilson and Allan Nixon predict a reconciliation for the so-called dumb blonde and her ex-husband. Marie and Nixon still have frequent dates despite their recent divorce. Joan Fontaine continues to be seen here, there and everywhere in Hollywood with good-looking Collier Young, ex-mate of Ida Lupino. Other two somes making news in the film capitol are Marta Toren and Kjell Hennings, a Swedish millionaire and starlet Nancy Davis with Ronald Reagan. Elizabeth Taylor swims, rides a horse, drives a speedboat and several automobiles — and dances in between in her latest picture, soon to be released, and excels in all of these chores. William Pine, who has been in New York with his family on vacation, leaves for an undisclosed spot in Florida to get things in shape for the filming of the story "Crosswinds," which will be filmed on location on the Florida seacoast — but we have not learned which coast. Antoinette Concello of the world famous trapeze team, "The Flying Concellos," recently reported on the lot for work. She is to help train Betty Hutton for her trapeze work in "The Greatest Show on Earth." Known as "the world's greatest female aerialist," Miss Concello, who bears probably the most famous name in circusdom, will be with Miss Hutton for at least two weeks, coaching the star. It will be something to see Betty serious, her being up in the air is nothing new. . . . She is usually that way in all of her pictures. See you at the movies—Mal.

Six Breeds of Beef Cattle To Be Shown At Fair In Tampa

TAMPA—There will be six breeds of beef cattle in competitive exhibit at the 1951 Florida State Fair, opening January 30.

The Fair Livestock Committee and an advisory council of Florida breeders of registered beef cattle, in session recently, reported there will be 65 Angus, 90 Brahman, 65 Herefords, 2 Shortorns, 19 Santa Gertrudis and 34 Devon cattle shown.

The Angus will be shown in an "open" show (with cattle from all states eligible), but the other breeds will be from Florida alone.

Florida Grower magazine is supplying trophies for "premier" breeders of both dairy and beef cattle at the Fair.

The deadline on entries of dairy cattle (to be shown the first week of the Fair, while beef animals will be shown the second week) will fall December 31.

The figures on the beef animals do not include 75 entries expected from Future Farmers of America in Florida. Assistant Fair Manager Huskisson explained.

Television Will Be Available At Fair

TAMPA—Floridians and others who have yet to see television in actual operation will have an opportunity to see it demonstrated at the Electrical Exposition in connection with the Florida State Fair in Tampa, Jan. 30 to Feb. 10. An aerial carried 480 feet above the building by barrage balloon will pick up telecasts from New Orleans, Jacksonville, Miami, Atlanta and other points.

In addition, through special sending and receiving equipment, activities in front of the grandstand, including the Gasparilla Parade, will be picked up and reproduced by television in the Electrical Building, it was announced by officials in charge of this outstanding show. The Electrical Exposition is sponsored by the Tampa Electric Company and presents the latest in modern household devices and equipment.

Mrs. Mildred Todd has been ill at her home in Pahokee the past week.

Loring Raoul "Man Of The Year" In Poll By Farm Magazine

BIRMINGHAM, Ala. — Loring Raoul, of Sarasota, president of the Florida Farm Bureau and long active in the Florida Fruit and Vegetable Association, has been named "Florida's Man of the Year" by the Progressive Farmer Magazine.

Born in Savannah 63 years ago, Raoul moved his family to Sarasota in 1928. He is a celery grower with farms near Sarasota and at Belle Glade.

NOTICE OF ANNUAL MEETING OF LANDOWNERS OF PAHOKEE DRAINAGE DISTRICT

Notice is hereby given that, pursuant to call of the Board of Supervisors of the Landowners of Pahokee Drainage District, the annual meeting of the landowners of Pahokee Drainage District for the year 1951 will be held at the office of said District in the Post Office Building at Canal Point, Palm Beach County, Florida, on Tuesday, February 27, 1951 at 10:00 o'clock in the forenoon for the purpose of:

1. Electing a Supervisor for a term of three years;
2. Receiving annual reports and taking such action with respect thereto as the landowners may determine;
3. Transacting such other business as may come before the meeting.

BOARD OF SUPERVISORS PAHOKEE DRAINAGE DISTRICT

— CANAL POINT, FLORIDA —

Gladioli Festival Will Open On Feb. 26

DELRAY BEACH—Dean Hudson, the Lake Worth boy who has become one of the top band leaders of the day, will bring his orchestra here February 14 to the Seacrest high school gymnasium when the South Florida Gladioli Festival queen will be named to reign over the Festival to be held

here February 26 through March 3. The committee in charge of arrangements for the dance invite organizations in Canal Point to sponsor a girl for the contest. The winner will be selected upon the number of tickets which she and her sponsors sell. She will receive awards, ride on the Festival float; the night of the parade and serve as queen throughout the week. Hudson, who was graduated

long been known as one of the from the University of Florida, has best dance bands for college hops. He has been heard on every major radio network, on the Coca-Cola Spotlight Band program and the Fitch Bandwagon. He and his orchestra was the first band to broadcast coast to coast over the television coaxial network. The February 14 dance is an introduction to the Festival to be

staged two weeks later when special exhibits and commercial displays from throughout South Florida will be shown. The Palm Beach County boys' 4-H club is one of the latest exhibitors securing space. The clubs will show nine prize calves. Among other exhibitors already signing up are the Palm Beach County Health Association, the Sigh Conservation display, a hydroponics display.

Juniors Announce Banquet-Prom Date

The Pahokee High School Junior Class has chosen April 20 as the date for the annual Junior-Senior Banquet and Prom.

The banquet will be held at the new Canal Point Community Park recreational building and the prom will be at the Elks Club.

the Railroads **RESPECT...** the Labor Unions seek to **REPUDIATE...** this agreement!

What is the TRUTH?

At various states in the present dispute with the brotherhoods of railroad operating employees ... the railroads agreed to arbitrate. The union leaders refused.

... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.

... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and date indicated.

The Agreement is given in full below.

MEMORANDUM OF AGREEMENT

Washington, D. C.
December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
5. Settle following rules:
Initial Terminal Delay (Conductors and Trainmen)
Interdivisional Runs
Pooling Caboose (Conductors and Trainmen)
Reporting for Duty
More than One Class of Service
Switching Limits
Air Hose (Conductors and Trainmen)
Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 17¢).

(2)

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of 1, 1950. Government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases; the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties shall secure information from the wage stabilization authorities or other government agencies. If the parties are unable to agree at such conferences whether or not further wage adjustments are justified

(3)

they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

Despite world upheaval, a knowledge of the all-powerful, protecting and available nature of God as Love gives assurance. This fact will be stressed at Christian Science services next Sunday, when the Lesson-Sermon is entitled "LOVE".

The Golden Text is from Zephaniah (3:17): "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

Readings from the Bible include: "And we have known and believed the love that God hath to us, God is love; and he that dwelleth in love dwelleth in God, and God in him" (1 John 4:16).

The following is among correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "For true happiness, man must harmonize with his Principle, divine Love; the

Son must be in accord with the Father, in conformity with Christ" (p. 337).

"The Near East" Topic For Pahokee WSCS

The first of a series of jurisdictional classes on "The Near East" was conducted by Mrs. J. R. York at the Pahokee First Methodist Church Monday night under the sponsorship of the Woman's Society of Christian Service.

It was announced that the remaining classes in the series will be held on Tuesday nights at the church. WSCS members who start their study with the second class Tuesday night will be given full credit for the course. Fifteen were present at the first class.

French Scientists Will Visit Florida

TAMPA—Sixteen French scientists, interested in acquainting themselves with American methods in the manufacture of commercial fertilizers and agricultural chemicals, will visit Florida this week inspecting The International Minerals and Chemical Company plant at Mulberry, fertilizer plants in the area, and will be among distinguished guests at the 1931 Florida State Fair in Tampa, Feb. 3, Future Farmer Day. The Tampa Electric Company has arranged a specially conducted tour of the Electrical Exposition and will stage a special Atomic Show in their honor.

Arlo Bean of St. Petersburg, grand patron of the Grand Chapter of Florida, Order of Eastern Star, was a guest at the meeting of the Pahokee Chapter, Order of Eastern Star, in the Masonic Hall Thursday night of last week.

Governor's Sister To Edit H-D Matter

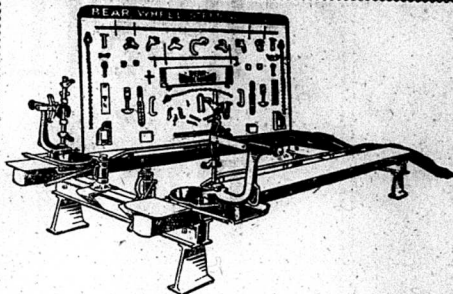

TALLAHASSEE — Governor Warren's sister, Miss Alma Warren, will become assistant editor of home demonstration publications for the State Agricultural Extension Service, it was announced here this week.

A list of new Board of Control appointments showed her salary to be \$3600 a year. She said she will continue to reside in Tallahassee and work with state home demonstration officials, with headquarters at the Florida State University.

Spanish Instructor Will Speak To WSCS

Mrs. Ada Hamebyck, Spanish instructor at Florida Southern College, Lakeland, and former overseas missionary, will be guest speaker at the February meeting of the Pahokee First Methodist Woman's Society of Christian Service to be held in the church Monday, Feb. 5, at 8 p. m. Mrs. Ruth V. Meredith, WSCS president, will preside.

Mrs. H. L. Sears has returned from a visit with her son and daughter-in-law, Mr. and Mrs. Emory Sears, in Clewiston.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Churches Of The Glades

(This message sponsored and space made available
by Paul Rardin).

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okeechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

=====

Here In Our Newspaper
Office We've Spent

25 Years Doing One Thing Well

Each week for more than a quarter of a century this Newspaper has reached its readers each Friday morning with full and complete news coverage of the Lake Okeechobee Farm Area. Bringing out The Everglades News each week—on schedule—has grown to be a habit with those of us who produce it. Not once during the 25 years of its existence has this newspaper missed a publication day. Through floods, hurricanes and other adverse antics of nature we have managed to make the deadline. It has been no small accomplishment.

Sensational—Thrilling—Different

The Parroff Trio, playing the Florida State Fair for the first time, present the only act of its kind in the world. Performing amazing acrobatics on Roman ladders high in the air they will keep you on the edge of your seat. See them as well as many other outstanding circus and hippodrome stars at the 1951 Florida State Fair, Tampa, Jan. 30 to Feb. 10.

Personal

Mr. and Mrs. Joe Cherry, Jr., are moving this week in to their newly completed ranch home on Conner's Highway. Since their marriage last September Mr. and Mrs. Cherry have been making their home with her parents, Mr. and Mrs. Ray Raulerson, in Pahokee while their new home was being built.

Mrs. Betty Sears has returned from a two-weeks' visit with relatives and friends in Tampa and Georgia.

Mrs. Lily Register and her son and daughter-in-law have moved from Canal Point to make their home in Pahokee.

Mrs. Ed Forbes of West Palm Beach visited relatives and friends here over the weekend.

Mrs. Edna Barrett is visiting Mrs. Steve Irla in West Palm Beach this week.

Mr. and Mrs. Grady Boynton visited friends in Fort Pierce and Okeechobee Sunday.

Charles (Sonny) Phillips is a patient at the St. Mary's Hospital in West Palm Beach this week.

Mr. and Mrs. H. C. Graham had as a guest Friday their nephew, Otto Graham, of Chicago, Ill. quarterback and passing ace of the 1950 professional football champ-

ions, the Cleveland Browns.

Mr. and Mrs. Robert Apelgren, accompanied by his mother, Mrs. George Apelgren of New Britain, Conn., who is their house guest, visited Miss Ruby Jane McClure in Miami over the weekend.

Mr. and Mrs. Jack Spencer and children visited relatives in Lake City over the weekend.

Mrs. Carl King is visiting her mother, Mrs. Reynolds, and other relatives in Newman, Ga.

L. L. Horne of Canal Point and Miss (Mary) Cole of Pahokee spent the weekend in Jacksonville visiting relatives and friends.

Mrs. Wallace Clemments of West Palm Beach was a guest of Mrs. W. C. DeLoach in Pahokee Wednesday.

Mrs. P. F. Sudduth, who has been the guest of her son-in-law and daughter, Mr. and Mrs. W. A. Stevens, Jr., was accompanied back to her home in Hendersonville, N. C., by her daughter who is visiting there.

Donald Padgett, son of Mr. and Mrs. Duncan Padgett of Pahokee, and his wife and daughter, Donna Joy, have moved from Gainesville, where he has been working on a master's degree at the University of Florida, to Okeechobee where he is teaching agriculture to veterans for the federal government.

Mrs. Duncan Padgett visited them over the weekend.

Mrs. Velva Keniston entertained at her home Tuesday afternoon from 3 to 5:30 o'clock with a tea honoring her mother, Mrs. Sanders, 82, of Chicago, Ill., who is her house guest. Refreshments of punch, tea, cookies and mints were served by the hostess.

Mrs. Teresa Hawkins and son, Johnny, were called to Atlanta, Ga., the past week to be with her daughter, Mrs. Forrest Park, who was injured in an accident there.

Mrs. Julia Chandler was able to return to her home this week from the Everglades Memorial Hospital where she was a patient for the past week.

The Canal Point Methodist Woman's Society of Christian Service will meet at the home of Mrs. Earl J. Jones Tuesday, Feb. 6, at 2:30 p. m. Mrs. Boyd Vorhees will give the devotionals and Mrs. Pope Sears will be in charge of the program.

Mr. and Mrs. H. J. Clause have as a guest Mrs. Homer West of Waynesville, N. C.

John T. Pickett, Jr., U. S. Marine Corps, is at a Marines' rest camp in Southeastern Korea awaiting further orders, according to

word received by his parents, Mr. and Mrs. John T. Pickett of Pahokee. So far as his parents know there is no foundation to the rumors that his feet and hands were seriously frostbitten in the Marines' heroic withdrawal from North Korea.

Mrs. A. R. Gool of West Palm Beach, who has been the guest of her son-in-law and daughter, Mr. and Mrs. Pope Sears, is a patient at the Everglades Memorial Hospital.

Members of the Pahokee Chapter, Future Farmers of America, are leaving today in a school bus to attend the Florida State Fair in Tampa where the chapter will be represented by an FFA team in cattle judging. Sleeping accommodations for the FFA boys while they are at the Fair will be provided for at the Brandon High School Gym. They will be accompanied by R. L. Brooks, chapter advisor.

FORM NEW COMPANY

TAMPA—Former Governor Dave Sholtz is reported to be working on plans for the organization of a company to take over and operate the Tampa Shipyards.

At present, a resident of Miami and a practicing attorney with offices in Washington, D. C. and Miami, Sholtz will probably make his residence in Tampa if the deal for the shipyard is consummated.

During the last war the shipyard employed nearly 16,000 people and had a payroll of a half million dollars.

Ruth Stuart Allen Is Hibiscus Secretary

ONECO — The appointment of Ruth Stuart Allen of Coral Gables, to the position of executive secretary of the American Hibiscus Society, was announced last week by President Norman Reasnor of Bradenton.

Miss Allen is publisher and editor of Tropical Gardening magazine, a publication devoted to homes and gardening activities of South Florida. She succeeds J. K. Brower of West Palm Beach, who resigned because of pressing personal business routine.

Miss Allen is well known in Florida for her work in directing the Information Division, State Board of Health, and later as club editor of the Miami Herald. She is a director-at-large of the Florida Press Association.

The American Hibiscus Society was formed last June at a gala "Hibiscus Holiday" in Palm Beach. It was attended by more than 7,000 persons.

Objectives of the group are: (1) "standardization of Hibiscus names through our own nomenclature committee; (2) provide a clearing house for names of all new varieties of Hibiscus."

Dr. and Mrs. Gordon H. Schuetler had as guests Sunday his mother, Mrs. J. H. Schuetler, and Mr. and Mrs. Mitchell Sharp, all of West Palm Beach.

Marines Will Have New Designation

JACKSONVILLE—Capt. J. J. Reardon, State Marine recruiting officer, announced recently that Navy and Marine Corps Reserves on active duty pay may drop the "R" from the traditional USNR and USMCR designations, according to a directive received from the Secretary of the Navy.

This move, Secretary Matthews said, "makes suitable recognition" of the active duty status of Navy and Marine Corps reserves by requiring a "minimum of differentiation" between regular and reserve personnel.

Exceptions to the new policy would include Navy and Marine Corps reserve personnel on training duty. Also, in matters such as personnel records, pay records and clothing accounts, the designators USNR and USMCR will continue to be used to keep clear the legal status of the reserves.

OPTOMETRISTS MEET

TAMPA—Optometrists from all sections of Florida gathered in Tampa last week for the fourth annual mid-winter Congress of Optometry and seminar, sponsored by the Florida Optometric Association.

Three outstanding optometrists of national reputation addressed the gathering which was well attended.

Floridians Got

THOUSANDS MORE TELEPHONES IN 1950

1950 was another big telephone year in Florida. Southern Bell installed 116,378 telephones... enough to serve another city the size of Jacksonville, Orlando and Pensacola combined.

The big job, however, was making new telephones possible by constructing and enlarging buildings, installing central office equipment, building lines and stringing wire and cable. In all we spent \$21,000,000 last year to expand and improve Florida's telephone service.

Today Florida has twice as many telephones as were in service at the end of World War II... twice as many long distance circuits... three times as many rural telephones. That's mighty important right now as the nation mobilizes for defense.

In the days ahead, Southern Bell can be counted on to do its full part in defense—in Florida and throughout the South.

A. B. Dooley
Florida Manager

SOUTHERN BELL TELEPHONE AND

Where Money to Expand and Improve Service Comes From

It doesn't come from the money you pay us for telephone service... that money goes to pay wages, taxes and other operating costs. The money to build new facilities must come from people with money to invest. That's why the future of telephone service depends on the Company's ability to pay for the use of the money invested in telephone facilities.
